

MEHAK SAINI

Newark, NY | Open to relocation | (419) 565-9221 | mehaksaini0419@gmail.com | linkedin.com/in/mehaksaini04
F-1 STEM OPT — authorized to work in the U.S. through 2028

Business Analyst | Portfolio Analytics · Reporting & Insights · Stakeholder Partnership

SUMMARY

MBA-trained analyst (Management Science, STEM-designated) with multi-location retail operations experience and hands-on skills across the analytics stack — SQL, Python, Power BI, Tableau, and advanced Excel. Comfortable digging into operational data, surfacing the signals that matter, and translating findings into clear takeaways for stakeholders. Self-directed in ambiguous environments; comfortable with AI-assisted work tools. Strong written communication, evidence-first mindset, and a track record of staying organized across parallel initiatives. Targeting entry-level Business Analyst, Business Operations Analyst, and Operations Analyst roles.

TECHNICAL SKILLS

Languages & Querying: SQL · Python (pandas, NumPy, automation)
BI & Visualization: Power BI (DAX, data modeling, scheduled refresh) · Tableau · Advanced Excel (PivotTables, Power Pivot, Power Query, array functions, modeling)
Operations Systems: SAP ERP · RT POS · EDGE · B2B Soft POS · POS Shell · VidaPay
Methods: reports & dashboards · portfolio analytics · risk and health signal identification · requirements gathering & documentation · stakeholder partnership · root-cause analysis · cross-functional coordination · Six Sigma Green Belt
Project & AI Tools: Microsoft 365 (Excel, PowerPoint, SharePoint, Teams) · familiar with project-tracking tools (Jira, Asana, Smartsheet) — quick to ramp · actively using AI-assisted work tools (Claude, Copilot) for analysis, synthesis, and drafting

PROFESSIONAL EXPERIENCE

Business Operations Lead Feb 2026 – Present
Digicell UPNY Inc. / Digitalk Wireless of Oregon — Newark, NY (transferred from Oregon)

- Analyze sales-target performance across 7 store locations and 4 product lines (HSI, Magenta, Voice, Tablet); identify health and gap-to-target signals across the portfolio and surface them to leadership.
- Build reports and dashboards in Power BI and Excel from target-vs-achieved performance data; translate findings into clear takeaways that support operational decisions.
- Coordinate multi-location operational workflows — receiving inventory, maintaining stock records in RT POS, transferring inventory between sites, and flagging discrepancies before they affect operations.
- Manage customer account workflows in EDGE and VidaPay; serve as a point of contact across cross-functional teams (regional managers, inventory, vendors).

Recreational Facility Operations Manager Dec 2024 – Dec 2025
Ashland University Recreational Services — Ashland, OH (earlier: Customer Service Representative, May – Dec 2024)

- Oversaw daily operations across 4 departments at a high-volume university recreation facility, holding multiple parallel initiatives without dropped threads; coordinated cross-functionally with university stakeholders.
- Led staffing operations for 15–20 employees — conducted hiring interviews, ran onboarding and training, and managed scheduling and day-to-day performance.
- Tracked member facility-usage data and produced regular reports to inform staffing and operational decisions; organized event operations including planning, inventory, and on-day execution.
- Served as on-site lead during emergency and safety situations, coordinating with the lifeguard team and exercising sound judgment under pressure.

PROJECTS

Multi-Store Telecom Sales Performance Dashboard Power BI · Excel · Chart.js

- Built an interactive performance dashboard analyzing target-vs-achieved sales across 7 store locations and 4 product lines (HSI, Magenta, Voice, Tablet); KPI cards for fleet attainment rate and gap-to-target, plus bar, line, radar, and distribution charts and a product-attainment heatmap with click-to-highlight drill-down by store — surfacing the largest performance gaps for stakeholder focus.

EDUCATION

MBA — Management Science (STEM-Designated) 2023 – 2025
Ashland University, Dauch College of Business — Ashland, OH | GPA: 3.77 / 4.0

Bachelor of Business Administration 2019 – 2022
Shri Atmanand Jain Institute of Management & Technology — India
